PLAN M. E. MEET

COMPLETE PROGRAM FOR METHODIST CONFERENCE NEXT MONTH

ADDRESSES BY TWENTY

Six Days' Gathering Replete with Lectures and Studies in Religion By Outside Talent.

The program of addresses, studies, music and business and social sessions for the annual conference of the Missouri Methodist Episcopal church, to be held in Maryville October 6 to 12 inclusive, has been arranged by the Rev. Gilbert S. Cox, pastor of the First Methodist church. It will consist in part of twenty sermons and lectures by ministers and religious workers of the entire country.

The conference will begin Tuesday night, October 6. It will continue until Monday morning, October 12, although the conference will virtually have ended Sunday night. The various anniversary observances by the different church branches and societies will be presided over by some member of the conference not yet selected.

Expect 500 to Attend.

All meetings and services will be held in the First Methodist church, First and Main streets, except a social gathering of the association of ministers' wives, organized last year. It will be held at the church parsonage at 4 o'clock Saturday afternoon, October 10, at which Mrs. G. S. Cox, president, will be hostess. It will be the only social session during the conference.

Between 250 and 300 delegates from all Methodist Episcopal churches north of the Missouri river in this state, which this conference comprises, are expected to attend, in addition to secretaries, and delegates' families. Several hundred laymen from northern Missouri and especially the northwestern portion, also are expected to attend part of the conference at least. It is expected to draw at least 500 persons during the week.

The program outlined by Mr. Cox will be changed but little, if at all, prior to the conference. Every person scheduled to speak has promised to be here without fail and at the hour designated.

Appointments Last Day.

While the conference proper will not begin until Wednesday morning, October 7 and will end Sunday night, October 11, the day preceding and the day following also will be busy ones. The business session of the conference will be held October 12. At this time papers and reports of the various church societies and departments will be read and the appointments for the ensuing year announced.

The appointments will be made during the week by the five district superintendents in this conference and the bishop. It will consist of about 150, although there are perhaps two hundred Methodist Episcopal churches in the conference boundary. In the smaller circuits, however, one minister will be pastor of two or more churches.

SUES FOR $40,000 DAMAGES.

Farmer Asks Sum of Burlington Because Spark Caused Fire.

A suit for $40,000 damages filed by David Gelvin, a Holt county farmer and banker, against the Burlington railroad, because he alleges a locomotive spark fired a pasture and resulted in a cattle stampede, is being heard today in the federal court at St. Joseph. Several Nodaway county residents have been chosen as jurors in the case. The case is of three years' standing and was originally brought for trial in Holt county.

OBSERVE FIFTY YEARS' WEDLOCK

Mr. and Mrs. A. T. Oakerson to Celebrate Golden Wedding Anniversary.

Mr. and Mrs. A. T. Oakerson, of Skidmore, will celebrate a happy event tomorrow which is the fiftieth anniversary of their wedding.

Over one hundred relatives and friends will gather at the Oakerson home to observe the day and assist in the merrymaking.

Mr. Oakerson and his wife were married at Huntsville, Ind., September 25, 1864. Mrs. Oakerson's maiden name was Caroline Hunt and was born in Randolph county, Indiana. She passed her sixty-seventh birthday a few months ago. Mr. Oakerson is 73 years old. He was born in Kentucky and grew to manhood there.

With their family Mr. and Mrs. Oakerson came to Missouri in 1881, settling on a farm in Atchison county. They made their home on a farm west of Skidmore until about four years ago when they left the farm and active work and moved to the town. They have four children, A. L. Oakerson, who lives southwest of Maryville, J. B. Oakerson, who lives six miles west of Skidmore; Mrs. E. R. Hantz, who lives west of Skidmore, and County Superintendent of Schools, W. M. Oakerson, of this city.

Arrive In Maryville.

Mrs. W. A. Mustain and children of Cherryvale, Kansas, arrived in Maryville yesterday, called here by the critical illness of Mrs. Mustain's mother, Mrs. Rosa Harmon of Pickering, who is at St. Francis hospital.

ALLIES MAKE GAIN

COMBINED FORCES MAKE GERMANS YIELD GROUND.

TEUTONS TRY A TRAP

Manoeuvre Is Grave Menace to Enemy, Which So Far Repulses Them. Russians Continue Advance.

Paris, Sept. 24.—The Germans were reported to have yielded ground after a hard fight. The forces which the Germans threw against the allies left is still flinching according to official information, under the unrelenting blows of the Franco-English battering ram. The famous guards in the battle of Marne are unable to withstand the pressure and are giving a little ground every day.

The diversions attempted in Lorraine having proven ineffectual, the Germans are now making a fierce drive in the Weever district, northeast of Verdun. Their object, it seems, is to cut off the army around Nancy, but the Germans have already tried to make an opening between Verdun and Oul. They are besieging Tryon at the same time. This manoeuvre constitutes a grave menace to the allies who are resisting desperately and have thus far repulsed the Germans, but at a heavy loss.

The Russian advance is now at the river Wislok and the Russian army is between the Austrian and German forces. The Russians have done this so they claim to prevent the Germans and Austrians from forming a junction, but at the same time the Russians have placed themselves in a position of having to fight towards two directions.

No report has been received from Berlin today. The Germans are keeping every move a secret. A German wireless station is reported to be operating in the mountains of Oregon. The United States Forestry department has been instructed to locate the reported station.

MRS. G. S. COVEY DIES.

Resident of Guilford Succumbs Last Night At St. Joseph Hospital.

Mrs. George S. Covey of Guilford, died at 7:30 o'clock last night at Ensworth hospital in St. Joseph, where she had been taken several days before for treatment.

The body was brought to Guilford, at noon today and the funeral services will be held at the home Friday afternoon.

Mrs. Covey had been in poor health for some time and about a week ago her condition became critical. She was taken to the hospital and underwent an operation which failed to bring improvement.

The decedent is survived by her husband and six children. The children are Mrs. Carrie Wilson, Mrs. William Hagan and Mrs. Amos Davis of Guilford; N. C. Covey of Maryville; Charles Covey of Des Moines, Ia., and Mrs. John Grimes of Whitesville, Mo. All of the children were with their mother at the time of her death. Mrs. N. C. Covey of this city left this morning for Guilford to attend the funeral.

"BURNING DAY LIGHT" AT EMPIRE

A Jack London Feature At the Empire Tonight—Bosworth In Lead Role.

"Burning Day Light," another of the Jack London stories dramatized and produced by Hobart Bosworth, will be given at the Empire tonight.

Bosworth in the leading role is shown at his best and his intelligent and finished acting has placed the London stories in a premier position in the movies.

The reel for "Burning Day Light" was released to the public on September 17, just a week before it is to be shown at the Empire.

The reel tells the simple but moving story of an Alaska prospector, who endured the most frightful hardship and finally drew eleven million dollars from the earth for his share of the adventure. The scenes are thrilling and have a most wonderful setting amid the snows of the high Sierras.

J. H. Wilson and Joseph Keefe have returned from St. Joseph, where they marketed a bunch of cattle and hogs this week.

Drunk, Is Fined $5.

B. Gordon was fined $5 and costs in police court this morning when he pleaded guilty to having been drunk last night. Upon failure to furnish the cash he went to jail.

Thomas McGary of Clye spent yesterday on a business trip in Maryville.

MANY TEAMS TRY

WOODMEN'S CONTEST FOR PRIZES EXCITES INTEREST.

LOCAL LODGE IN RING

Homecoming Event Attracts Attention of Order Throughout Northwest Missouri—To Be October 13-14.

With Homecoming week but slightly more than two weeks hence, and with $500 in prizes and two loving cups beckoning, nearly every lodge of the Woodmen of the World in northwest Missouri is getting fast into the harness with nightly drills, in preparation for a try at the golden eggs. "Our hat is in the ring" comes from every camp in this part of Missouri. But the glory will not be all to the invaders of Maryville next month if local Magnolia lodge No. 8, can prevent it.

Although the W. O. W. performances will not be the whole I-T of Homecoming, October 13 to 17 inclusive, it will have the first two days of the event almost to itself, and glorious will it be, so they sayeth. A national speaker from Omaha and one from Kansas City will be present for addresses.

But the women, gentlemen, are not to be forgotten in this mad haste for pleasure and gold.

Women Try, Too.

The Woodmen's circle composed of some of the most enterprising and loyal matrons in Maryville, has worked itself up to fever heat and night after night the commands of the drill master are heard issuing from the hall crevices, amid the laughter of the women, all intent on capturing some of the prize money.

Berney Harris, council commander, and therefore high chief of the Magnolia camp of choppers, has this to say concerning the notorious event:

"It is very gratifying to the local officers, committees and members of Magnolia camp to see the interest being taken by some of the out-of-town camps, to make the W. O. W. class of initiation, log rolling and tug of war contests a success.

Competition in County.

"Particularly is this true of the Graham, Maitland, Bigelow, Rockport, Stanberry lodges. All promise large delegations and say they will land part of the two dozen prizes offered.

"St. Joseph camps, in addition to large delegations, have volunteered to put on the initiatory work during the class initiation. Camps No. 1 and No. 16 will send twenty men each for this work. Their intelligent conception of the performance of this work, coupled with the earnest and clock-like work of each member of the teams, will cause all present to feel proud of their order and happy that they are present.

Maitland Organizes Band.

"Maitland has organized a W. O. W. band and they, with about 100 rooters will be here to try for that $60 offered to the best band present. Graham says it will send a larger delegation than Maitland, Bigelow, Rockport, Stanberry, or any of the numerous camps expected. Bigelow is trying for the $50 prize offered to the camp furnishing the largest class for initiation.

"But don't think for a moment," cautioned Chief Harris, "that although the men are extremely busy, they are alone in this. Mrs. Loomis, district deputy of the Woodmen's circle, is active in promoting an interest in the coming event. Mrs. Mark Turner and Mrs. Roy Martin of the local grove and members of the out-of-town groves also will take part with their respective groves, in the contests and class of initiation."

STOLE CHICKS, THE CHARGE

Sheriff Nabbs Elmo Farmer on Complaint of Neighbor.

John Ecker, who lives about five miles northeast of Elmo, was arrested by Sheriff Edwin Wallace yesterday afternoon on a warrant charging him with having stolen a bunch of chickens from George B. Radford, who also lives on a farm near Elmo, and alleges that while he and his family were visiting in Illinois last month, Ecker took the fowls.

His preliminary hearing will be held in Elmo, Tuesday, October 13. He was released on a $500 bond, pending the result of the hearing. If held for the higher court, he will be tried in Maryville next January.

Mr. and Mrs. George Brown of Burlington Junction spent yesterday visiting friends in Maryville.

Fred Wolfers of Hopkins was in the city on a business trip yesterday.

MISSION DRAWS BIG CROWDS.

Week of Services at St. Benedict's Church Very Successful.

The mission in progress this week at St. Benedict's church of Clyde is attended at both the morning and evening services by record crowds, the attendants including the Catholic members and many of their non-Catholic friends.

The Rev. J. M. Eckert, O. P., the noted Dominician missionary of Minneapolis, conducting the exercises, profoundly impressed his audience Sunday night by a touching reference to the peace prayer and messages of President Wilson, Pope Pius X and Pope Benedict XV. The lucid and eminently practical discourses on Catholic doctrine, so fluently and at times dramatically delivered by the reverend speaker, are a rare treat that is fully enjoyed by all his hearers.

The mission will close with a 10 o'clock service Sunday morning.

SENIORS MEET AND ELECT.

Normal Students in Final Year Organize—Is Largest Class.

The senior class of the Normal met yesterday evening for the purpose of electing officers and perfecting an organization of the class. Any student who graduates by the end of the summer of 1915 is eligible to membership. The class promises to be one of the largest in the history of the school.

Although many members of the class will graduate at the end of the various quarters during the school year, the graduating exercises of the class will be held in May, at the end of the spring quarter.

About thirty-five members of the class met yesterday evening. Officers of the class were elected. They are: Orlo Quinn, president; Chloe Compton, vice president; Vera Tilson, secretary, and Mattie Sykes, treasurer.

It is expected that the roll of the class will be added to quite materially during the next few weeks.

CRESTONITES, 71 and 69, WED.

Aged Iowa Couple Tie Up—Benedict "Feels Quite Spry."

Although past the three score and ten by more than a year, Samuel Gordon, a retired railroad conductor of Creston, Iowa, saw no mistake in taking unto himself a wife. Accordingly he went a wooing with the result that he and Mrs. Sarah J. Allison, 69 years old, also of Creston, were married in Maryville this morning.

When the curious ones flocked about with interest, the crimson mounted to the faces of the newlyweds, just as though they were schoolday sweethearts. "Can't children run away from home without attracting so much attention," came from the happy bride at last. "We may look old, but I feel quite spry this morning myself," came from the benedict of a few minutes' duration.

Mr. Gordon, who was 71 last July, is an "old timer hereabouts," to use his own words. He was conductor on the old Kansas City, St. Joseph and Council Bluffs, now the Burlington, between Kansas City and Hopkins, thirty-five years ago. He has lived in Creston but a few months. Both have been married before.

He served three years in the Civil war, first enlisting in the fifty-sixth infantry of Pennsylvania and later in the cavalry of New York. The happy couple, blushing from ear to ear, and cooing like two young doves, left immediately after the wedding for their farm below St. Joseph where they will spend a month's honeymoon, then return to Creston.

Evidently the marriage ceremony performed by Justice Warren L. Johnson was too short in the mind of Benedict Gordon. "Is that all there is to it, Judge?" came the query with a frown. The judge's answer, "yes," brought the business query, "What's the damage then?"

CONSTITUTIONAL FIGHTER SENDS TROOPS AGAINST CARRANZA.

FAILURE TO OBEY RESULTS IN BREACH

Southern General Disavows Chief and Rushes Forces to Meet Executive's Fighting Force.

(By American Press.)

Mexico City, Sept. 24.—Villa has rushed troops to meet the Carranza army. Hostilities have started again in Mexico.

Yesterday General Villa telegraphed Carranza disavowing the latter as the first chief of the constitutionalist army in charge of the executive power of Mexico.

At the same time Villa announced that he nor any of his delegates would not participate in the national convention called for October 1 at Mexico City to designate a provisional president.

Railroad communication has been suspended between Aguas Calientas and Torreon. It is thought that Villa holds under arrest General Obregon, commander of the division of the northwest.

RIVER IS STILL RISING.

Although Falling Above, 102 Continues Upward Trend Here.

Although reported to be falling at Hopkins and above, and at standstill at Pickering, the 102 river continues to rise at a steady gait here. According to H. W. Hilsabeck, chief engineer at the municipal pumping station, it had risen about eight inches from 8 to 12 o'clock this morning and at 1.30 o'clock this afternoon was still rising.

The Burlington has not been affected by this week's flood, W. E. Goforth, local agent, said this afternoon. Trains however, were slightly late, on account of the softened road bed.

The river is about two feet deep in the lowest places east of the pumping station and across the state road, but not at all over the bank on the west side, Mr. Hilsabeck said. It still lacks more than a foot of being as high as ten days ago.

Pickering reports this afternoon that the 102 is at a standstill there and about three feet below the high mark of the preceding rise. It is said to be over about as much ground as before, but not so deep.

Hopkins reports the river as still falling steadily, though not rapidly.

Samuel Gordon of Creston, who came down this morning, said the river looked like a sea at Bedford down to near Hopkins and that many acres of corn land and pastures were overflowed.

HOME DEPARTMENT TO MEET.

First Fall Meeting to Be Held Tomorrow Afternoon—Splendid Program.

The Home department of the Parent-Teachers' association will meet at 2:30 tomorrow afternoon at the home of Mrs. William Burris, 107 North Buchanan street.

This meeting is for the purpose of calling out every mother in the city, who desires to concern herself with all that is of vital importance in the varied phases of home and school life, and every one of them is invited to attend.

Reports will be heard and plans made for the winter's work and several important topics will be discussed.

Leaves On Business Trip.

Fred Diss left this morning on a business trip of several days at Glidden, Iowa.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

FALLING HAIR OR ITCHING SCALP

Surely Cease When You Use Parisian Sage—Makes Your Hair Soft and Fluffy.

Now that Parisian Sage—a scientific preparation that supplies every hair and scalp need—can be had at any drug counter, or from T. J. Parle, it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly your hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Every trace of dandruff is removed with one application, the hair roots are nourished and stimulated to grow new hair, itching scalp and falling hair cease—your hair becomes soft, fluffy, abundant and radiant with life and beauty.

Parisian Sage is surely one of the most invigorating and refreshing hair tonics known. It is easily used at home—not expensive, and even one application proves its goodness.

OLD RESIDENT NEAR DEATH.

William O. Sawyers, 87, Is Slowly Sinking Today.

William O. Sawyers, who next November would be 87 years old, is slowly sinking at his home two miles west of Maryville. He is not expected to live. Illness is caused to a great extent from senility. Although he suffers no pain and has not since becoming bedfast some time ago, his strength slowly is ebbing away, the attending physician and relatives say.

He is semi-conscious part of the time. His son, John K. Sawyers, said this afternoon his father had slept through most of the day. He has taken no nourishment for several days.

The joint congressional committee reports that the postal revenue has in the last ten years increased an average of $13,000,000 a year, and that the compensation now paid the railroads for carrying the mail should be increased about $3,000,000 above the last appropriation.

"CASCARETS" RELIEVE SICK, SOUR STOMACH

Move Acids, Gases and Clogged-Up Waste From Stomach, Liver, Bowels—Cure Indigestion.

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which can not be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Rollins Seeks New Trial.

Judge William C. Ellison went to Princeton yesterday where he will hear a motion for a new trial this week in the case of Frank Rollins, who last week was found guilty by a jury of having murdered H. P. Cisco several months previously. Judge Ellison presided at the trial. It attracted more interest than any murder trial held in north Missouri for some time.

Judge Ellison expects to hear arguments of Rollins' counsel for the retrial either today or tomorrow and return to Maryville not later than Saturday, in time for the convening of the circuit court here next Monday. He probably will not decide relative to Rollins' request until after returning.

Mrs. Pat Cummings of Burlington Junction spent yesterday with friends in Maryville.

GOT COAL BIN FILLED.

Fall Brings Out Heating Products—Exit Ice Man.

The rumble of the jet black pieces of coal into the basements of Maryville homes began in earnest this week. Coincident with the arrival of the grime streaked drays, went the near-farewell of the big covered truck, from which all summer long water trickled into the dusty streets, and incited the envy of the small boy.

The transformation is an annual occurrence. It is not extraordinary. The same change is being noted throughout the north half of the country, with little interest. Yet it marks, as a red chalk line, the passing of summer and the coming of fall, not calendarial perhaps, but more correctly.

Local coal dealers this week employed extra draymen and coal shovelers and every dray wagon that would at all contain the dirty parcels was pressed into service for the coming campaign. Those buying coal now are getting it considerably cheaper than will be the case even two months hence, dealers predict. It also is usually a better grade, they say.

The ice man is packing his trunk or getting into other endeavors and the housewife is taking to the attic the five-gallon cooler that perched insolently in the hallway all summer.

Among those shipping stock to the St. Joseph market Tuesday from Nodaway county were N. C. Calvert, William Summerly, O. C. Shores, G. H. Swaney, R. S. Dunn, William Colin, L. D. Ellis, Joe Holker, C. Bebout, Ramey & Co., and J. Brunk.—St. Joseph Live Stock Journal.

Many to University.

The enrollment in the regular term of the University of Missouri has already reached 2,365, a gain of 139 over last year. The total, including the summer session is 3,125, a gain of 255 this year.

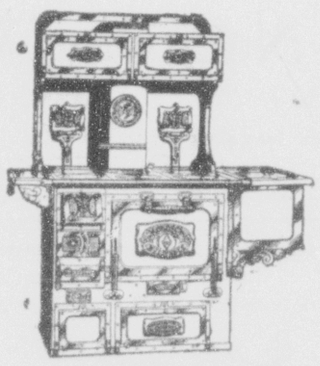
Mr. and Mrs. W. A. Swinford of Arkoe announce the birth of a son this morning.

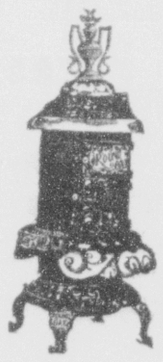
Spent Day In Maryville.

James Lyle, Sam Hutchinson, Charles Groves and Frank Lyle of Graham spent the day in Maryville on business.

Is Your Old Range Burned Out?

Let us show you the Monarch Malleable. This is the only range that is built for durability. Malleable and wrought iron when riveted together make a joint that stays air tight. Let us show you the Monarch's points of merit.





The Round Oak has almost half a century of unequalled service as a heater. And is the best constructed, most economical in fuel consumed for the amount of space that it will heat, and will outlast any heater on the market. Let us show you the Round Oak line.

The Perfection Oil Heater has proven by years of service entirely satisfactory as a heater. It does not smoke or throw off gas and is just the thing for fall use.

We have line of Lanterns that we guarantee not to blow out in the winds. A good Tubular lantern for 35c.

Duck shooting season will soon be here. Let us fit you out with a shot gun, hunting coat or loaded shells. We have a full line.

Finish Silo Filling.

Virtually all of the silos, throughout Nodaway county are now filled. No more ensilage will be canned this year probably. That silos are growing in popularity in this county is self-evident to any one who travels around over the county. It is only a short time since the silo was a curiosity, but they are becoming more popular every year, and are now regarded as a necessity, even by those who are not extensively engaged in stock raising. Quite a number of our large farmers have three or four silos on their place, and they pay in more ways than one, they declare.

Finishing Conception Station.

The new union passenger station being erected jointly at Conception Junction by the Wabash and the Chicago, Great Western is rapidly nearing completion. The frame work is up and the finishing work soon will be begun.

"Triangle" Betters Service.

An improvement in train service on the Chicago, Great Western has been made this week. The south bound local now runs entirely through to Kansas City. All trains except the north bound local, also will be put in the "pool" at Conception Junction. The north local will be a preferred run.

This, it is said, will relieve the extra board and keep all employes at the Junction busy. A turn around to St. Joseph also will be put on.

"A SHINE IN EVERY DROP"

Black Silk Stove Polish is *different*. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Iron Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

"Gets-It" for Corns Sure as Sunrise

New Plan. Corns Shrivel, Vanish.

Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, only some were liquid, some plasters, some

"wrappers" and some in salve form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a simple plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest-selling corn cure the world has ever known.

There's no more need of fussing with corns, no more digging or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn or cause pain. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or bunion. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.
